
RECYCLE YOUR OLD MOBILE PHONE - AND HELP AN OLDER DOG IN NEED

Greener Solutions <http://www.greenerolutions.com> have offered the Oldies Club £2.00 for every mobile phone sent to them for recycling, regardless of age or condition.

WHAT IS THE OLDIES CLUB?

The Oldies Club is a group of volunteers from all over the country who feel great empathy with the plight of elderly dogs that end up in rescue centres. We support a number of dogs ourselves, and work with other organisations to help to get dogs out of kennels into permanent or foster homes. We are able to match dogs looking for homes with potential owners and to assist rescue centres with home visits and transport to enable dogs to be placed in homes throughout the country.

IF YOU HAVE A MOBILE PHONE FOR RECYCLING

If you have an old mobile phone, please e-mail your name and address to oldies@oldies.org.uk and we will send you a special Freepost envelope. Just remove the SIM card from your phone, put it in the envelope and pop it in the post, couldn't be simpler and it will cost you nothing.

Remember, recycling helps the environment, and every phone recycled on behalf of the Oldies Club raises money to help older dogs in need.
