

COULD YOU SPONSOR AN OLDER DOG LIKE ME?

Feebee is a gorgeous 16 year old Golden Retriever cross Collie. She came into Oldies Club care after her elderly owner passed away. Not long after coming into our care Feebee fell ill and the vets suggested it was an auto-immune condition. As Feebee requires close monitoring for the rest of her life she remains in our care as a sponsor dog.

Oldies Club is a charity dedicated to helping homeless older dogs. Sometimes because of the physical or emotional damage they have suffered, or due to terminal illness they cannot be rehomed. In these cases we endeavour to provide long-term foster placements with experienced carers who will ensure these oldies know a loving, secure home for their final years.

We ask a minimum donation of £12 per year to sponsor one of our dogs. If you decide to sponsor a dog, you will receive a Sponsorship Pack, containing a certificate and personalised letter from your sponsor friend, together with their full story.

If you would like more details on Feebee or any of our other sponsor dogs please visit our website at www.oldies.org.uk
