

Beautiful pair Pepsi & Max!

Pepsi (short haired female) & Max (Long haired male) are 12 year old brother and sister Labrador x Collie crosses. They have come into our care after their owner sadly died. They settled very well into the foster home. Pepsi and Max are being fostered in Norfolk.

Ideal Home : We are looking for a home with someone around most of the day. Although they can be left for a short period, they are not too happy as they are definitely human-orientated. When left, they do not bark or howl and do not have any accidents. They enjoy a couple of walks a day, are very good on lead and seem to have good recall. Max can sometimes be startled by cars or horses but he is getting used to this with some great work by the fosterers. His new owners will need to be happy to continue to manage and work with this. He is the more energetic of the two and will love to play ball in the garden with you!

Children: This pair have not lived with children but have now met a few around 5 years +. They are really well behaved with them and enjoyed playing with them. They would probably be fine living with older, dog savvy children or adult only home. They are still playful dogs but equally they need their peace and quiet to sleep!

Other Dogs: They are very happy and social when meeting other dogs out on a walk.

Cats: They both seem to be interested in cats so we are looking for a cat-free home
