

Our pair of poppets, Archie and Olive!

Archie is an 8 year old Chihuahua and Olive is an 8 year old Pug. They have come into Oldies Club care as sadly their owner passed away. They are both very friendly, affectionate dogs. Archie is more playful & confident and is happy to play ball with you all day. Olive is blind and has had 1 eye removed. She is quite placid & very happy to cuddle up on the sofa next to you. Archie and Olive are being fostered in Mattishall, Norfolk.

Ideal Home : We are looking for a home where someone is around most of the day as they are quite reliant on human company. Olive needs calm and patient people as it may take her a little while to become confident in her new surroundings before she is happy to move around.

Children: They have met young children whilst being in their foster home and are happy with them. We would prefer an adult-only home, but they will be very happy if children visit.

Other Dogs: They are good with other dogs and always interested in making new friends! Archie may bark when a dog approaches him, but this is just to make you aware rather than telling them to go away!

Cats: They haven't lived with cats but don't seem to be bothered by them. They may be able to live with a confident cat.
