

Beautiful Bichon's Millie & Poppy!

Millie and Poppy are 8 years old and have come into Oldies Club care as their owner was not able to look after them anymore.

They settled very well into their foster home. They still have plenty of energy and enjoy at least 2 walks a day (around 30 minutes or so each time). As their recall is not good, the fosterer is keeping them on lead! They are both great in the car and happy to have journeys to new places. They both like attention; Millie is more interested in having lots of cuddles and kisses with you and Poppy is very content to have fuss whilst snoozing on the sofa next to you! Millie & Poppy are being fostered in Gosport, Hampshire

Ideal Home : We are looking for a home with someone around most of the day. Millie & Poppy can be left for a few hours, but not too long as they are very reliant on their humans company.

Children: They have met children whilst living at their foster home and they seem fine with them. We would like either an adult only home or for children to be 8 years +

Other Dogs: They are living with another dog in their foster home, but they would prefer to be the only dogs in their new home.

Cats: They have not shown any interest in cats when out on a walk but we do not know how they will be with cats in the home.
