

# Could you offer a home to an older dog?

Tess says:-

- Older dogs can be quiet, undemanding companions
- Older dogs can still adapt to a new family, lifestyle etc
- Older dogs often need less exercise, training & stimulation than younger ones
- Older dogs are great for people who may not be able to make the 15+ years commitment a younger dog would need
- Oldies Club dogs are assessed in a home environment and are neutered, vaccinated and all other vet treatments covered before rehoming.

 **Oldies Club**
